Remarks

of the Air Receiver.

These engines have been constructed under special survey in accordance with the Apperance plans, Rules & Instructions. The materials have been tested by the surveyor to this Society.

Each set has been tested under full load overload working conditions connected to their generators. After trials, all parts were opened up & examined.

The materials & workmanship are, in our opinion, satisfactory. The machines & air receiver eligible for classification.

They have been despatched to Nagasaki for installation in vessel No. 491. The crank cases of the engines are

as follows:

ENG. No. 122
LLOYDS
No. 3018
H.D.B. B.
16-4-31

ENG. No. 123
LLOYDS
No. 3019
H.D.B. B.
16-4-31

ENG. No. 124
LLOYDS
No. 3020
H.D.B. B.
16-4-31

The Air Receiver is stamped:

LLOYDS
W.J.P. 47 Kg/CM²
No. 2991
H.D.B. B. SS.
26-2-31

A copy of this report has been sent to the Society's surveyor at Nagasaki.

This machinery has been installed in the vessel and trials have been carried out in accordance with the Rules and all found satisfactory.

George Anderson
Nagasaki.
12/7/31.
