The Donkey Boiler Survey became due on this vessel
in March last.

In reply to enquiry the Society's Halifax, N.S.
Surveyor now forwards a copy of a letter received from the
Owners, from which it appears that owing to the expense incurred
for inspections of this vessel in Cape Breton they no longer
desire to maintain her classification with this Society.

The Classing Committee had the case before them on
Friday, 26th ultimo when they decided to give instructions for
the vessel's character to be withdrawn from the Register Book
and Three Dots (...) inserted in lieu thereof, indicating withdrawal
of class at Owners' request.
