S.S.No.3-8,29
S.S.No.1-33

- - - - -

The Screwshaft Survey became due on this vessel in July last.

A communication has now been received from the Chief Surveyor for the U.S.A. & Canada, together with a letter from the Owners, addressed to the Society's San Francisco Office, intimating that this vessel has been accepted by the American Bureau of Shipping for class in that Society.

This follows a decision by the Owners (conveyed in a letter from the Society's New York Office in February 1934), to withdraw all the vessels of their fleet gradually from the Society's class.

The case was before the American Committee on the 4th instant, when it was decided that the vessel's character should be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class 9,35 at Owners' request.

E. C.

19th September, 1935.
