~~Proposed~~ to be held at SAIGON.

Action in this case has been deferred from time to time in view of the vessel being laid up at Saigon.

As the Society has no Surveyor at present stationed at that port, Lloyd's Agents at Saigon were instructed in September, 1933 to appoint a Surveyor to carry out the Boiler Survey before the vessel was recommissioned.

The Owners have now furnished the usual undertaking in which they agree to carry out all outstanding surveys and repairs before the vessel again proceeds to sea.

*Leave question of
authorizing Lloyd's Agents
over for the meantime.
per Mr. Butler.*
