-----

The Boiler Survey of each of these vessels became due in January last.

In reply to enquiry the Owners now write to the effect that as the vessels have finished their work on the Singapore Naval Base, they do not propose to maintain their classification with this Society.

The Classing Committee had the case before them on Friday the 13th instant, when they decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
