9th March 1927.

Dear Sir,

I am in receipt of your letter of the 8th instant enclosing a report from Dr. Montgomerie on the case of the Steamer "EUCLID", together with a memorandum which was read on that date to the Glasgow Committee on the subject, and sketches as referred to therein, and I need hardly say that the matter will receive careful attention.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
