15th February, 1927.

Dear Mr. Scott,

The Steel Screw Steamer "ENCLED", No. 69360 in the Register Book, owned by Messrs. Lamport & Holt Ltd., is now in dock in Glasgow suffering from severe heavy weather damage, comprising fractured decks and topsides.

I am writing this to let you know, in the event of the matter being mentioned in your Office, that special attention is being paid to the case in view of the unexampled nature of the damage sustained. Full particulars are being collected and strength calculations are being made, and a full report will be forwarded in due course.

Yours sincerely,

Montgomerie

A. Scott, Esq.,
