LMC 10,33
B.S. 10,34
C.L. 12,32

The Boiler Survey of this vessel became due in October, 1935 and the Screwshaft Survey in December last.

In reply to enquiry the Hamburg Surveyors now forward a letter which they have received from the Owners intimating that they no longer desire to retain the classification of the vessel in the Society's Register Book.

The Classing Committee had the case before them on Tuesday, 3rd instant, when, in view of the Owners' intimation they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
