BS 1,35

CL 1,35

The greater part of the 2nd Special Survey which became due on this vessel in September, 1934, has been held, and a proposal to postpone the completion until January 1936, to coincide with the Government Survey was agreed to by the Committee.

In reply to enquiry the Society's Surveyors at Kobe now forward a copy of a letter they have received from the Owners, stating that they have decided to withdraw this vessel from classification with this Society.

The year of grace expired in September last.

The Classing Committee had the case before them on Friday the 21st instant, when they decided to give instructions for the class of the vessel to be withdrawn from the Register Book, and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
