

"SOCONY"

Owners:- Standard Transportation Co. Ltd.

Mr. N. Pluymert called here yesterday and today and explained the awkward position in which the Owners would be placed if this vessel were unable to carry on her charter until April, 1936, the date the replace steamer - now under construction - is expected to be completed.

The position was discussed, and Mr. Pluymert asks whether a cablegram may be sent to the Society's Surveyor at Istanbul to enquire whether, in his opinion, the vessel is in a fit condition to continue trading until the end of October, when the year of grace will expire.

 
14th August, 1935.
