My dear Gibbs,

I received your telegram this morning regarding Scotts No. 303, and in confirmation of mine in reply I regret to find that in the assignment letter the word "wood" was erased instead of "steel". It would appear that a similar error has occurred in the letter to the Builders, so perhaps you will be good enough to arrange for the necessary amendment.

Many thanks for drawing our attention to this matter and apologising for the trouble you have been put to,

With kindest regards,

Yours sincerely,

H. A. Gibbs, Esq.,

GLASGOW.
