GLANDS.  
VEYOR.

Dear Sir,

I have received a letter from Mr. Albert E. Curton of Gibraltar with reference to the case of the trawler "Maria Dolores", in which he explains that this vessel is laid up and cannot go to sea without his sanction and that he is expecting the arrival at any moment of a prospective purchaser.

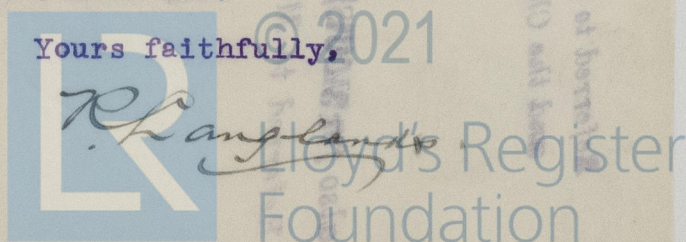

In these circumstances Mr. Curton desires that the dry-docking of the vessel and the survey be postponed until the prospective purchaser's arrival, and I have written to him stating that I think the Committee will be willing to meet him in that matter.

Mr. Curton states in his letter that "The Owners of this "Vessel Sres. Galiana y Vejarano S. en C. of Barcelona are not "in a position to do anything with her unless they can count "upon the consent and/or co-operation of Mr. John Mackintosh, "and of course this latter gentleman will do nothing except "through me, as I have the matter in hand."

I am, Dear Sir,

Yours faithfully,

The Secretary,
