

Received from Chief Ship Surveyor _____
by Chief Ship Surveyor _____

L'S NAME Steel S.S. "HEIMEI MARU" Rpt. Kob. No. 2655.

remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

of Survey 1st Entry

Before this case receives the consideration of the Committee, the Surveyors should be requested to state whether all the steel used in the construction of the vessel has been manufactured by firms approved by the Committee.

The Surveyors should be informed it is concluded the spacing of longitudinal frames is as per approved midship section but they should be requested to state if this is so.

Dr. of. 2-20.
