Reference

Dear Mr. Redman,

I confirm our telegrams of to-day as follows:-

SENT:- "CAMOSUN suggest you also send me first entry reports see clause 7a specification of documents"

RECEIVED "Clause 7a reads all reports of survey obtained by the pursuers first entry reports were not so obtained think therefore specification does not cover these documents"

SENT:- "CAMOSUN many thanks I agree with your reading of Clause 7 but subpoena specifically mentions reports on original construction hull machinery electric light and others as per specification. Sheriff sits Tuesday for this case".

After I sent you my first wire one of the partners of Messrs. Wright, Johnston & Mackenzie rang me up to say the hearing had been fixed for Tuesday and a subpoena was being sent down to me which specifically mentions the reports of survey during construction.

Yours faithfully,

J. H. Warlow
