Sir,

With reference to your letter of the 26th., inst., respecting the steamer "CAMOSUN", built under special survey at Paisley early last year, I beg to state that there is nothing to add to that which was said by Mr. J. D. Mares and Mr. H. Gardner Smith in March last.

Mr. Smith has however, handed me the enclosed letter and I may say that the Ship Surveyor Mr. J. D. Mares under whose survey the hull was built is now in the London Office and would suggest that this correspondence be handed to him.

The letter dated 7th., May, received from the Owners I beg to return herewith as requested.

I am, Sir,

Your obedient servant,

J. A. Scott
Secretary.

Andrew. Scott, Esq.,

LONDON.
