29th June, 1905.

Sir,

I have to send herewith for the information of the Glasgow Committee a report No. 992 received from the Society's Surveyor at San Francisco of survey held on the steamer "CAMOSUN", built under special survey at Paisley in February last, and with reference thereto it is suggested that the Glasgow Surveyors should be requested to furnish any remarks they may have to make in regard to the reported unseasoned condition of the wood materials of the decks.

I am, Sir,

Your obedient servant,

Secretary.

T. J. Dodd Esq.,

GLASGOW.
