342 Argyle Street,  
Glasgow, Feb. 17th 1906.

The Secretary,  
Glasgow.

Sir,

In reply to the General Secretary's letter of the 15th inst. enclosing one from the Owners of the S.S. "Camosun", as regards the "Electric Wiring" of this vessel I beg respectfully to say that this was carried out under my supervision and to my satisfaction. The wires were not bunched together more than is usual in ship lighting, the insulation was good and I know of nothing about the installation likely to have caused danger of fire.

I am, Sir,

Your obedient servant,

"H. Gardner-Smith."
