

Messrs. John Readhead & Son's No. 518.  
-----

It is submitted the Newcastle Surveyors be informed that the proposal to fit cargo battens of 2" x 1" cope iron, in the deep tank, bolted to lugs on the frames, will be approved, provided these be spaced 11" apart centre to centre to comply with Section 31, Paragraph 2(b) of the Rules.
