22nd June, 1938.

Dear Sirs,

E.

Messrs. John Readhead & Sons Ltd.  
Engine No. 515 - Yard No. 515.  
-----

I duly received your letter of the 10th instant, forwarding copy of order and plans, in triplicate, of superheaters proposed in connection with the above vessel, and I have to inform you that these plans will be approved for a working pressure of 220 lb. per sq. inch, provided the steel castings be made at approved Works and tested as required by this Society's Rules, a safety valve be fitted to each part of the superheaters which can be isolated from the boilers, the superheaters be constructed under the usual conditions of survey and testing, and the whole be tested to three times the working pressure.

I take this opportunity of enclosing the usual Survey Request Form for completion.

One set of the plans now approved is returned herewith.

I am, Dear Sirs,  
Yours faithfully,

The Superheater Company Ltd.,  
Bush House,  
Aldwych,  
W.C.2.

Lloyd's Register  
Foundation  
Secretary.
