ANSR

Leith, 14th September, 1921.

Dear Sir,

S.S. "DUSSELDORF" No. 14333 in R.B.

Will you kindly inform us whether freeboard certificates have been issued for the above vessel as the Owners Representative has enquired of same in view of no certificates being on board.

There is an L.R. freeboard marking on the ship's side and the certificates originally issued may have been sent to the Owners Head Office in London. The Germanischer Lloyd freeboard certificate on board the vessel gives 1.43 metres from the top of statutory deck line to centre of Disc.

If freeboard certificates have not been issued for this vessel, will you kindly instruct us whether you wish the vessel remeasured and freeboard particulars sent you.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.

The Secretary,
LONDON.
