The First Special Survey No.3 became due on this vessel in September, 1935.

The Society's New Office now forwards a letter from the Owners to the effect that as this barge has been condemned for coastwise service she will not be submitted for the outstanding survey and will remain unclassified and in the River at Tampico for carrying empty drums, etc.

The Classing Committee had the case before them on Tuesday, the 8th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
