The Second Special Survey No.1 became due on this vessel in December 1935, and a proposal by the late Owners to carry out this inspection in November 1936 to bring it into line with the Japanese Government Survey, was agreed to.

The vessel recently changed hands, and a letter has now been received from the new Owners to the effect that it is not desired to continue the vessel's classification with this Society.

The Classing Committee had the case before them on Friday, 5th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof indicating withdrawal of class at Owners' request.

  
11th February, 1937.
