The Boiler Survey became due on this Tug at the end of September last.

In reply to enquiry the Society's Surveyors at Buenos Aires now forward a letter from the New Owners, stating that as the vessel is only to be used for coasting services they consider it unnecessary to maintain her classification.

The Classing Committee had the case before them on Friday, 27th ultimo, when, in the circumstances, they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (. . .) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

3rd December, 1936.
