

"AVE MARIS STELLA".  
=====

The Boiler Survey of this vessel became due in 1,37.

The Owners have twice been approached with a view to the survey being held, but no reply has been received from them.

In a letter from the Antwerp Surveyors it is now stated that this vessel has been converted into a motor trawler, but that the Surveyors were not acquainted of the fact.

It is submitted the Owners be requested to state if it is their intention to retain this vessel in class. If such is the case, it will be necessary for the scantlings of the new oil engines, now installed, to be forwarded to this Office for approval and the engine to be completely opened out for examination.
