The Special Survey No.1 became due on this vessel in August, 1936, and action has been deferred by the Classing Committee to enable this inspection to be carried out at the same time as the Japanese Government Survey.

In reply to enquiry the Surveyors at Kobe now forward a copy of a letter from the Owners, dated the 10th ultimo, intimating that they have decided to withdraw this vessel's class from the Society's Register Book.

The year of grace expired at the end of last month.

The Classing Committee had the case before them on Friday the 17th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof,
