The Second Special Survey No.1 became due on this vessel in June, 1936 and after a general examination, the Classing Committee agreed to a Special Survey No.3 being carried out in September next in lieu thereof, in order to coincide with the Japanese Government Periodical Survey.

A copy of a letter, dated 3rd ultimo, from the Owners has now been forwarded by the Society's Surveyors at Kobe, intimating that it has been decided not to continue this vessel's class with this Society.

The year of grace expired at the end of June last.

The Classing Committee had the case before them on Tuesday, the 17th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
