-----

The Second Special Surveys No.1 became due  
in these cases in May 1936 and January 1937 respectively.

In reply to enquiry, the Kobe Surveyors  
forward a translation of a letter received from the Owners  
to the effect that they desire the vessel's classes to be  
withdrawn from this Society's Register Book.

In the circumstances, the Classing Committee,  
who had the cases before them on Tuesday, 11th instant,  
decided to give instructions for the class in each instance  
to be withdrawn from the Register Book and three dots (...) <sup>5.37</sup>  
inserted in lieu thereof, indicating withdrawal of class  
at Owners' request.

  
20th May, 1937.
