31st May, 1906.

Gentlemen,

S.

I am in receipt of your letter of the 29th instant, respecting the amount of fee charged for the Special Survey during constructions of the steam trawler "THISTLE", (your report No.17903), and with regard to your remarks, it is not understood how you arrived at the figure 204 tons on which you now propose to charge the fee instead of 258 as given in the report.

It would appear that the correct tonnage on which the fee should be charged is 228.41 less 20.91 and 9.14 = 198.36, and I shall be glad if you will kindly state whether this is not so and if the amount of overcharge should, not be £3 instead of £2.14.0 the amount you name.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

H U L.L.
