The screw shaft survey became due in 2,36 and a proposal to postpone the examination until the next dry docking in 1937 has been approved.

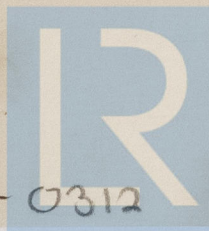

The S.S.No.1 became due in February last and from an interview with the Owners by the Principal Surveyor for the Far East it would appear that the Owners do not intend to retain the vessel's class.

The case is submitted for the consideration of the Committee.

The S.S. No. 1 became due at the end of February last
