

Greenock

28th November 1919.

J. James Jones

104
Messrs Coughlan Son Vancouver
attend at the works of Messrs John & Kincaid & Co.
Engineers and Boilermakers, Greenock.
for the purpose of examining a set of engine
drawing construction and intended for the
S.S. Canadian Inventor.

The engines in question are of the
Triple Expansion type, having cylinders
27" - 42" - 73" by 48 inches stroke 180 lbs per
square inch working pressure. and do not
include the thrust, journal and propeller
shafting.

Upon the 26th August 1919 and
subsequent dates the undersigned made
the necessary examination and found the

The material and Workmanship good.

The Engines have been constructed under Special Survey in accordance with the Rules of Lloyd's Register, and the work has been carried out in accordance with the Specification agreed upon.

They have now been shipped to Vancouver where they will be placed on board the above named Steamer.

No. L50-1-0.

James Jones.

Engineer. Surveyor to Lloyd's Register.
Greenock.
