The Second Special Survey No.2 which became due in July, 1935, has been partly held, and a proposal to complete this inspection and some outstanding repairs in May/June, 1937, was agreed to in July, 1936.

In reply to enquiry the Society's Surveyors at Grimsby have now forwarded a letter received from the Owner in which he states that he desires the vessel's class to be withdrawn from this Society's Register Book.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 8th instant, gave instructions for the vessel's class to be expunged from the Register Book with a Red Line (6.37), indicating non-compliance with the Society's Rules.
