ANS^d 21

20th Oct.

1902

The Secretary, London.

Sir,

I herewith submit for the consideration of the Committee the enclosed Test Certificates shewing anchors and chain cables which the Owners have supplied for the Steamer *Trawler*, N^o 335, building by Messrs Cook, Welton & Gemmell.

It will be observed that the 3rd anchor is 15 lbs. light, the stock is however 10 lbs. heavy, making the anchor and stock combined 5 lbs. light. The collective weights of the 3 anchors is 1 lb. heavy.

The chain cable is ^{or} 1 - 3^{lb} less in weight than required per Table 22 - a very small percentage of the total weight.

I am respectfully of opinion that the anchors and cables as supplied might be accepted.

The midship section is forwarded herewith for reference.

I am, Sir,

Your obedient servant,

J^o. Thomson

W1318-0202

Referred to the Chief Ship Surveyor.
