**Lloyd's Register of Shipping,**

71, Fenchurch Street, E.C. 3.

7th September, 1933.

Dear Sir,

S. I have to acknowledge the receipt of your letter of the 26th ultimo relative to the renewals due to wear and tear which were recently effected to the shell plating, deck plating in way of the Engineers' quarters and the tank top plating in way of No.2 tank of the s.s. "MOCAMBIQUE".

Your remarks on the matter have been carefully noted, but I am directed to say that it is thought that these renewals should not have been found necessary so soon after the survey for classification was carried out.

When carrying out Special Surveys in future cases, I have therefore to request that you will see that vessels are placed in such condition as to entitle them to retain their class until the next Special Survey is carried out, it being understood of course that there may be minor repairs which may become necessary during such period.

I am, Dear Sir,

Yours faithfully,

G. T. B. Scullard, Esq.,  
LISBON.
