

s. s. MOCAMBIQUE".

Lisbon 2201.

This vessel was built by A. Stephen & Sons in 1909 to class with the British Corporation.

With a view to classification with this Society the machinery has been examined throughout, found in good order and in accordance with the Rules.

IT IS SUBMITTED the vessel is eligible for the record LMC(with date), S(with date), CL. FD.

The Surveyers should be requested by cable to state the dates of the last internal examination of each boiler and the date when the screwshafts were drawn in for survey.

It is concluded that the drains from No.4 lower tween deck to the tunnel space are fitted with self-closing cocks as indicated in the Secretary's letter dated 26th August 1931, but this should be confirmed.
