Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

31st August, 1932.

Dear Sir,

I duly received your letter of the 23rd instant respecting the Steamer "MOGAMBIQUE", and in reply thereto I have to state that the stream wire and towline as given in your letter of the 16th July last, namely 90 fathoms of 5" steel stream wire and 120 fathoms of 5" steel wire towline, will be approved.

It is noted from your letter of the 16th July that full particulars of the equipment will be forwarded, when the question of the figure "1" will be considered.

In sending the weights of the anchors, including the stream anchor, you should state if the weights given are ex stock.

I am, Dear Sir,

Yours faithfully,

Secretary.

G.T.B. Scullard, Esq.,

LISBON.
