("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

First Entry

The Surveyors should be requested to state the thicknesses of
poop & forecaskle side plating when forwarding their final report. They
should also state whether size given for stiffeners on longitudinal
hold bulkhead is correct as it is not in accordance with size on plan
