

Ex-German Steamer "P A T M O S".

It is submitted an extract of the Newcastle Surveyors' letter regarding the plans be forwarded to the Leith Surveyors, and they should be asked to obtain the loan of the plans in question, if this is at all practicable. Should the Surveyors succeed in obtaining these plans, they could be copied in this Office and the originals returned to Leith with very little delay.

The Newcastle Surveyors might be advised that their remarks regarding the plans have been noted, and action is being taken to see if these can be obtained.

With reference to the anchors and chains, it is submitted that should the test Certificates be found in order, the same might be accepted without requiring the anchors and chains to be retested.
