18th March, 1930.

Dear Sir,

S. With reference to Glasgow Report No. 49365 on the auxiliary engines No. 6971 made by Messrs, Harland & Wolff Ltd. for the motorship "ULSTER PRINCE", I have to acquaint ^{you} that the Society's Surveyors at Belfast report that this auxiliary machinery has been satisfactorily fitted in this vessel at that port.

The Committee have accordingly to-day assigned to the vessel the class 8100A1 with freeboard, with notations of Lloyd's A & CP and 8LMC 3,30, Oil Engines, OG. DB 80 lbs. Electric Light.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

The Secretary,

GLASGOW.
