Dear Mr. Scott,

In the course of a conversation with the Chairman yesterday he drew my attention to the report on page 16 of the enclosed copy of "NAUTICUS" on the Salvage of the United States Shipping Board steamer "SAPINERO" in 1919, particularly the underlined paragraph referring to defective original construction.

Mr. Harper asked me to send on the paper to you and shall be obliged if you will kindly return it after perusal.

Yours faithfully.
