The Boiler Survey of this vessel became due at the end of last month, and in reply to enquiry the Anglo-Saxon Petroleum Co. have now written requesting that her class be withdrawn from the Register Book, owing to the difficulty of arranging for surveys, seeing that the vessel trades exclusively between Pladjoe and Tandjong Api-Api.

The Classing Committee had the case before them on Friday, the 11th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
