

Steel Screw Steamer "URAL MARU". No. 85554 in the
Register Book. 9

6374 tons gross. Port: Osaka. Built: 1929-3mo.

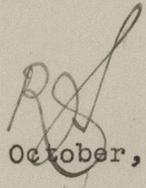

Owners: Osaka Syosen K.K..

Classed: 100 A1 with freeboard LMC 10.37.
10,36. C.L. 10.37.
s.s. Kob. No.1-33.

The Special Survey No.2 became due on this vessel in March, 1937, and a proposal to defer this inspection until the present month, in order to coincide with the Japanese Government Survey, was agreed to by the Classing Committee.

In reply to enquiry, the Society's Surveyors at Kobe have now forwarded a copy of a letter from the Owners intimating that they have decided to withdraw the vessel from the Society's classification.

The Classing Committee had the case before them on Tuesday, the 25th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and Three Dots (...) inserted in lieu thereof, ^{10,38} indicating withdrawal of class at Owners' request.

27th October, 1938.
