Lloyd's Register of Shipping,

Port NAGASAKI.

1st March, 1927.

CERTIFICATE No.11.

This is to Certify that

ONE RIVETED STEEL PLATE AIR RECEIVER.

~~the undersigned Surveyor to this Society did at the request of~~
made by Messrs. Nagasaki Works, Mitsubishi Zosen Kaisha, Ltd.,
for the Motor Vessel "G H O J O M A R U", Yard No.424, and
marked as below, have been surveyed during construction by the
undersigned.

The material has been tested by the Surveyors to Lloyd's
Register: the scantlings are in accordance with the Society's
Rules for a working pressure of 355 lbs, per sq. in., and the
workmanship is good.

The Air Receiver having been tested in my presence on the
9th December, 1926: by hydraulic pressure to 555 lbs, per sq.
in., showed no signs of weakness, and was found tight and
sound in every respect at that pressure.

Working pressure not to be exceed 355 lbs, per sq.in.,

LLOYD'S
No.229.
R.C.9-12-26.
W.T.P. 555 lbs.
W.P. 355 lbs.

R. Crawford.
Surveyor to Lloyd's Register

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
