Dear Mr. Mayne:-

S.S. "SCOPAS" - SAN FRANCISCO RPT.#3575.

In reply to the inquiry contained in your semi-official letter of the 14th ult. - I have to advise you that the amended arrangement of shell plating was duly approved with the exception that some butts which were rather close were left to be re-arranged by the local Surveyor.

I have been in communication with the San Francisco Surveyors and am informed that the plating was arranged satisfactorily and that double side transverse shell lugs are fitted in the machinery space as approved.

Yours faithfully,

F. A. Mayne, Esq.,

London.
