The Boiler Survey and Second Special Survey  
No.1 became due in January and May last respectively.

This vessel, formerly Chinese owned, has been  
transferred to Japanese Registry, and the Society's  
Surveyors at Kobe have forwarded a copy of a letter from  
the New Owners, from which it appears that they do not  
desire to continue her classification with this Society.

The Classing Committee had the case before  
them on Friday, the 26th ultimo, when they decided to  
give instructions for the vessel's character to be  
withdrawn from the Society's Register Book, and Three  
Dots (. . .) inserted in lieu thereof, indicating  
8,38 withdrawal of class at Owners' request.

  
1st September, 1938.
