Port

SHANGHAI

9th August, 1937

This is to Certify that

G. PICKERING

the undersigned Surveyor to this Society did at the request of Messrs. Daido Kaiun Kabushiki Kaisha, and with the consent of the Owners, attend on board the Steel Screw Steamer "DAH LOH", 2325 tons gross of Shanghai and at the Hwa Tai Ironworks, Shanghai, for the purpose of inspecting the main Engine Stop Valve. on the 5-8-37.

On board the vessel the stop valve body, cover, seat, etc. were examined and found in order. At the Ironworks the brass valve (lid) was examined and found damaged across the top & bottom faces, necessitating its renewal, and this work is now in hand.

G. Pickering

Surveyor to Lloyd's Register.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any other publication of the Society, or for any error of judgment, default or negligence of any of its Officers or Agents of the Society, or for any error of judgment, default or negligence of any of its Surveyors, or for any error of judgment, default or negligence of any of its Agents of the Society.
