No Surveys are due in the cases of these vessels.

A letter has now come to hand from the Society's Surveyors at Kobe, enclosing a copy of one received from the Owners, intimating that they no longer desire to maintain the classification of these vessels with this Society, as they are solely engaged in local trading.

The Classing Committee had the cases before them on Friday, 27th ultimos, when they decided to give instructions for the character of each vessel to be withdrawn from the Register Book and Three Dots (. . .) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
