

S.S. "CHILCOP"

It is not the practice to supply information such as that desired, without the written consent of the Owners of the ship.

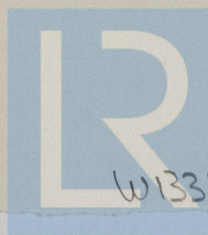

In the present instance, however, Messrs. H. Clarkson & Co. state that :-

"In order to obtain certain financial assistance any vessel purchased must not have been launched prior to the 1st "January 1920",

and as this vessel was launched on the 19th May 1920, it is submitted for consideration whether this information might not be given.
