

by Chief Ship Surveyor \_\_\_\_\_

Received from Chief Ship Surveyor \_\_\_\_\_

'S NAME Steel SS. "MARGARET COUGHLAN" Rpt. Ver. No. 810.

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

Survey First Entry.

Before this case receives consideration, the Surveyors should be requested to state whether only the tween deck bulkhead at frame N°44 has been dispensed with as in sister vessel or the complete bulkhead. If the latter they should state whether the omission of this bulkhead & the intermediate bulkhead in fore hold has been agreed to by the Owners.

They should also state whether the deep tank has been constructed in accordance with an approved plan.
