

C. Y.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

4th December, 1919.

Dear Sir,

A. I duly received your letter of the 26th ultimo, respecting the fees for the survey of the Engines 2F constructed by Messrs. D. & W. Henderson & Co., Ltd., subsequently transferred to Messrs. J. G. Kincaid & Co., and purchased by the Canadian Ministry of Marine, and in the circumstances, an account will be rendered from this Office to the Canadian Government for the special fee due. I shall be glad if you will let me know as requested in my letter of the 20th ultimo, whether the original certificate, a copy of which was attached to Glasgow First entry report No.39326, has been issued, and if so, to whom.

I also take this opportunity to acknowledge the receipt of your letter of the 2nd instant, respecting a further set of Engines No.564 made by Messrs. J. G. Kincaid & Co., for the S.S. "CANADIAN INVENTOR", the certificate for which is also to hand. In this case also an account for the fee due is being rendered from this Office.

The Secretary,

GLASGOW.

I am, Dear Sir,

Yours faithfully,

Secretary.
