Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

12th September, 1912.

Sir,

I have to acquaint you that I am informed by the Society's Surveyors at Glasgow that the new steamer "INFANTA ISABEL" has left there for Cadiz and that to complete the electric lighting installation numerous fuse boxes and branch switch boards required to be fitted up and connections made and the entire installation tried under steam. It is stated that workmen have accompanied the vessel and that the work is to be completed at Cadiz.

I have therefore to request that you will arrange to give this case attention and to report to this Office when the installation has been completed and tested under working conditions.

I am, Sir,

Your obedient servant,

W. West, Esq.,
CADIZ.

Secretary.
